

A special attention to detail coupled with quality finishes, managed construction processes, and thoughtful architectural flow and features are all an integral part of each Phillip Jennings home. Constructing only a handful of projects each year affords the Phillip Jennings Team the ability to focus solely on quality not quantity, making the Preston Hollow and Park Cities areas a perfect fit for their homes.

## Phillip-Jennings Custom Homes, Ltd.

Phillip-Jennings has become a Dallas resource for the tasteful blend of Old World architectural style, thoughtful interior design, unique characteristics, and modern construction materials and techniques. Named a Best Builder in *D Home* for two consecutive years, Phillip-Jennings has earned a strong reputation for quality, service, and excellence in the luxury home market thanks to exhaustive research, inside knowledge of market trends, client satisfaction, and experience.

Owner Phillip Fristoe continues a family tradition of accomplished real estate involvement with Phillip-Jennings Custom Homes. His mother, father, and grandfather have all worked in real estate and homebuilding. Clients and industry peers have come to expect Fristoe and his team to provide an excellent product with a thorough analysis of style, design, and quality. The rich history in real estate that envelopes his family combined with a personal passion for architecture is the same spirit that compelled Fristoe to start his own company, concentrating on the specialized market of luxury homebuilding.

"We are thrilled with our new Phillip-Jennings home. Everyone who walks through the door wants to know who built our home. The attention to detail in every room is remarkable! You sense perfection when you look at the angles

and arches throughout the hallways and common areas. The sense of balance and light in the living areas make them soothing places to relax and reconnect with our children at the end of the day." Phillip-Jennings homeowner

The Phillip-Jennings Mission: "A focus on perfecting the art of homebuilding by creating homes rich in style and character that exceed the expectations of a very discriminating clientele."
